New team picked to oversee Dar airport's terminal three project

A new team of engineers has been picked to oversee ongoing construction of Julius Nyerere International Airport terminal three in line with President John Magufuli's directive. Works, Transport and Communication Minister Prof. Makame Mbarawa announced the for-

Prof. Makame Mbarawa

mation of the team to be led by Eng. Julius Ndyamukama who is Dar es Salaam Regional Manager, Tanzania National Roads Agency. Others are Godson Ngomuo, Humphrey Kanyenge, Abednego Lyanga, Mbila Mdemu and Rehema Myeya.

Prof. Mbarawa further said work on the project being undertaken by BAM International had resumed as per President Magufuli's directive, adding that the new team started its assignment immediately upon appointment.

During an impromptu visit to the project site a day before Prof. Mbarawa's announcement, President Magufuli had directed him to form a new team of engineers to oversee the project and to ensure the Government gets best value for money.

According to a statement issued by the directorate of

presidential communications unit, Dr. Magufuli also ordered a review of the project's cost saying 560 billion/- quoted seemed too much for the works being undertaken.

President Magufuli also suspended Acting Secretary of Planning Commission in the Ministry of Finance and Planning Frolence Mwanri reportedly for endorsing implementation of the second phase of the project before completion of the first one.

Meanwhile, the Government has paid BAM International 22 billion/- to fulfill President Magufuli's promise to settle its debt after verification of the claim, according to Permanent Secretary in the Ministry of Finance and Planning, Mr. Dotto James, who was addressing a press conference in Dar es Salaam recently.

Appeal against Ewura fails over power of attorney

An appeal lodged by SGS Tanzania Superintendence Ltd against Energy and Water Utilities Regulatory Authority (EWURA) in respect of tender for provision of fuel marking services has been dismissed because the aggrieved tenderer had submitted the tender without attaching a registered power of attorney.

According to the record of the proceedings seen by TPJ, the appellant was praying to PPAA to among others, nullify the intention

to award and to order re-evaluation of the tenders, citing four grounds two of which related to power of attorney.

In particular, the appellant was firm that failure to submit a registered power of attorney with tender was not a valid cause to declare their tender ineligible; that in any case and contrary to tender requirements, at the tender opening, the respondent had not bothered to mention whether the power of attorney was registered or not.

Other grounds were that the

appellant's tender price was less than the proposed successful tenderer's price and that the association of proposed successful tenderer arouse after the tender opening ceremony.

In dealing with the appeal, PPAA, from the outset considered the first two matters on the power of attorney and arrived at the conclusion that the appellant's disqualification based on unregistered power of attorney was justified since the tender document provided so.

On the matter of bid price, the Appeals Authority concluded that

since the appellant was disqualified at the preliminary evaluation stage, it was impossible to even consider the appellant's bid price as the exercise involved only substantially responsive tenders that had passed all evaluation stages, as specified in the tender document.

Finally, PPAA dismissed the appeal in its entirety for lack of merit and ordered Ewura to finalize the procurement in observance of the law.

Procurement News

Wadau washiriki kufanikisha dhana ya thamani bora ya fedha katika miradi

Ismail Ngayonga;
MAELEZO, Dar es Salaam

Katika mwaka 2015/16 PPRA ilifanya ukaguzi katika taasisi 70 za umma ili kuangalia iwapo taasisi hizo zilizingatia sheria na kanuni za manunuzi na matumizi ya nyaraka na miongozo iliyotolewa na PPRA.

Taasisi zilizofanyiwa ukaguzi huo kati ya mwezi Aprili hadi Septemba ni pamoja na taasisi 15 zilizo katika kundi la Wizara, Idara na Wakala za Serikali, Mamlaka za Serikali za Mitaa 25 na mashirika ya umma 30.

Aidha jumla ya mikataba 21,313 ya manunuzi yenye thamani ya Tsh trilion 1.05 ilifanyiwa ukaguzi huo, ikiwemo mikataba 845 ya kazi za ujenzi, ambapo mikataba 130 yenye thamani ya Tsh 697 ikihusisha ukaguzi wa thamani halisi ya matumizi ya fedha kwenye miradi husika.

Matokeo ya ukaguzi huo yalibain-

isha kuwa miradi 10 ya sekta ya ujenzi ilipata alama isiyoridhisha kutokana na thamani halisi ya fedha iliyotumika kushindwa kuwiana na kiwango cha utekelezaji wa miradi hiyo.

Miradi iliyochaguliwa kwa ajili ya kufanyiwa ukaguzi wa kupima thamani ya fedha ilipatikana katika utekelezaji wa mikataba ya manunuzi iliyothaminiwa kwa kutumia vigezo mbalimbali ikiwemo uandaaji, usanifu na uhifadhi wa nyaraka za zabuni, mchakato wa manunuzi pamoja na usimamizi wa kazi za ujenzi na mikataba.

Sekta ya ujenzi ni miongoni mwa sekta za kiuchumi zinaoongoza katika upotevu wa fedha za Umma kutokana na miradi mingi kutekelezwa chini ya kiwango na kukosekana kwa uwazi katika mikataba husika.

Ili kukabiliana na changamoto hiyo, mwaka 2008 Serikali ilifanyia marekebisho sheria ya Baraza la Taifa la Ujenzi (NCC) ili kuhakikisha kuwa sheria hiyo inaenda sambamba mazingira ya sekta ya ujenzi nchini hususan katika usimamizi na uendeshaji wa miradi inayosimamiwa na mamlaka za serikali za mitaa.

Hivi karibuni baraza hilo lilitoa taarifa yake kwa umma kuhusu tathimini ya ukaguzi wa kiufundi katika miradi 163 ya ujenzi yenye thamani ya Tsh. bilioni 2.8 ambayo ilihusisha barabara, majengo na viwanja vya ndege.

Ukaguzi huo uliofanyika kati ya

mwaka 2005-2009 ulilenga katika kufanya mapitio ya michakato ya manunuzi, utekelezaji wa miradi, ongezeko la gharama za miradi, ubora wa kazi zilizofanyika na gharama za malipo ya zabuni.

Kaimu Mkuu wa Idara ya Uhandisi wa NCC, Mhandisi Wambura anasema ukaguzi wa kiufundi katika utekelezaji wa miradi ya ujenzi ni uchunguzi maalum wa hatua mbalimbali za mradi, ambao huwawezesha mamlaka ya maamuzi na wafadhili kujiridhilisha kwa kupata mrejesho halisia wa masuala mbalimbali ya mradi.

"Ukaguzi huu huhusisha mwendendo wa hatua mbalimbali za mradi hususan hatua za mwanzo za matayarisho ya mradi, upembuzi yakinifu wa mradi, usanifu, manunuzi na utekelezaji wa mradi" anasema Mhandisi Wambura.

Anasema ukaguzi wa kiufundi katika miradi ya ujenzi huzisaidia mamlaka kuchukua hatua stahiki za maamuzi na tahadhari kwa wakati ili kuhakikisha ufanisi uliokusudiwa upatikana katika mradi husika.

Mhandisi Wambura anazitaja aina za kaguzi za kiufundi kuwa ni pamoja na ukaguzi wa kiufundi wakati wa matayarisho ya mradi, ukaguzi wa kiufundi wakati wa utekelezaji wa mradi, pamoja na ukaguzi wa kiufundi baada ya utekelezaji wa mradi.

Akizungumzia kuhusu taratibu za ukaguzi huo, Mhandisi Wambura

anasema baraza hilo hutoa miongozo maalum kwa ajili ya ukaguzi wa kiufundi ambayo ni pamoja na kupokea maombi ya ukaguzi, uteuzi wa timu ya wataalamu, pamoja na kuandaa taarifa ya ukaguzi wa kiufundi.

Mhandisi Wambura anasema katika mwaka 2015/16, baraza hilo liliifanya ukaguzi wa kiufundi wa miradi ya matengenezo ya barabara kwa halmashauri zote nchini pamoja na ukaguzi wa miradi ya majengo yanayomilikiwa na benki ya NMB katika wilaya za Mwanza, Chalinze, Pangani, Mbulu na Arusha.

"Mwaka 2011 tulifanya ukaguzi katika miradi 14 ya ujenzi na vituo vya afya 36, yenye thamani ya shilingi bilioni 2.3 ambayo ilikuwa inatekelezwa na halmashauri 20 nchini" anasema Mhandisi Wambura.

Baraza la Taifa la Ujenzi ni kitovu cha uratibu wa sekta ya ujenzi kwa taasisi zote zinazoshughulika na shughuli za ujenzi pamoja na wadau mbalimbali, likiwa na jukumu la kusimamia na kuongoza juhudi za kukuza na kuendeleza sekta ya ujenzi ili kwenda sambamba na maendeleo na ushindani wa kimataifa.

Ni wajibu wa taasisi za umma na binafsi kushirikiana na baraza hilo katika utekelezaji wa miradi mbalimbali ya ujenzi hususan katika ukaguzi wa kiufundi wa miradi hiyo ili kuhakikisha kuwa thamani ya fedha inalingana na ubora wa miundombinu iliyojengwa.

Idadi ya siku ambazo Mamlaka ya Rufaa ya Zabuni za Umma inatakiwa iwe imeshatoa uamuzi, tangu ilipopokea malalamiko au rufaa.

JE WAJUA?

Kampuni ya kigeni inayoshindania tuzo ya kutekeleza kazi ya ushauri wa kitaalam, inapaswa kuwajumuisha wataalam au kampuni za ndani, na taasisi nunuzi inapaswa kuhakikisha, wakati wa kuitathmini kampuni ya kigeni, kwamba kigezo hicho kimezingatiwa.
